

# AFJAG U.S. AIR FORCE

FY 2021 COURSE OFFERINGS  
FOR NAVY PERSONNEL

## **Registration and Enrollment**

Naval Justice School (NJS) uses an open enrollment concept which allows individuals to apply for courses year round. Enrollment will close 10 weeks prior to the courses convene date. Course Coordinators will make their selections and a quota selection announcement will be sent out 8 weeks prior to the convene date to identify those who have and haven't received a quota.

***Do not contact the Air Force Jag School directly for enrollment. The only way to register is through NJS.***

## **How to Apply**

NJS uses a fillable PDF, that can be found at the website listed below. Once the Quota Submission Form (QSF) is filled out it will then be emailed to the registrar's email address listed below. You will then receive an automatic reply that your QSF has been received. The Quota Submission Form is the only means of requesting to attend a course.

## **Registrar Contact Information**

**Email:** [njs-registrar@njsonline.onmicrosoft.com](mailto:njs-registrar@njsonline.onmicrosoft.com)

**Website:** [https://www.jag.navy.mil/njs\\_curriculum.htm](https://www.jag.navy.mil/njs_curriculum.htm)

## AFJAG YEARLY OFFERINGS

Course	Convene	Graduate
Cyber Law Course	10-May	14-May
Homeland Security / Homeland Defense	30-Aug	3-Sep
Advanced Environmental Law	23-Feb	24-Feb
Operations Law Course	8-Mar	12-Mar
Basic Environmental Law Course	26-Jul	30-Jul

# Advanced Environmental Law

Washington, D.C.

**Course Description**—This course provides senior environmental law practitioners with a graduate-level update on federal and state environmental laws and regulations, as well as information on DoD policy and procedures to ensure compliance. It allows an exchange of views on environmental compliance strategies with sister service practitioners and senior environmental advisors. It is designed for attorneys with regional, major command, or service-wide environmental legal responsibilities

**Prerequisites**—None

**Target Audience**— Senior environmental law practitioners.

Convene Date	Graduate Date	QSF Due Date
23-Feb-2021	24-Feb-2021	15-Dec-2020

# Cyber Law Course

Maxwell Air Force Base, AL

**Course Description**—The Cyber Law Basic Course is a survey course aimed at introducing DoD legal professionals with no training or experience in cyberspace operations to the cyberspace domain, DoD operations in cyberspace, and the domestic and international rules that govern those operations. The course will start with coverage of computer, internet, and network operations, progress to lessons on DoD offensive, defensive, and intelligence-related cyberspace missions, and culminate in discussions concerning cyber-specific domestic and international rules applicable to armed conflict, intelligence gathering, and law enforcement activities.

**Prerequisites**—All attendees must have at least a SECRET security clearance, which must be verified prior to the beginning of the course.

**Target Audience**— Individuals with little to no experience in Cyber Law.

Convene Date	Graduate Date	QSF Due Date
10-May-2021	14-May-2021	1-Mar-2021

# Environmental Law Course

## Maxwell Air Force Base, AL

**Course Description**—This course provides attorneys having primary responsibility for addressing and resolving environmental law issues with an ability to comprehend and analyze basic principles and concepts of federal environmental law. It covers major federal environmental statutes, regulations, case law, federal policy, and the environmental impact process to help ensure compliance at DoD facilities.

**Prerequisites**—None

**Target Audience**— Individuals with little to no experience in Environmental Law.

Convene Date	Graduate Date	QSF Due Date
26-Jul-2021	30-Jul-2021	17-May-2021

## Homeland Security / Homeland Defense

Maxwell Air Force Base, AL

**Course Description**—The Homeland Security/Homeland Defense Course provides instruction to Air Force active duty, guard and reserve component judge advocates, paralegals, and other personnel involved in the field on the complex legal problems encountered during homeland defense / homeland security missions. It prepares students to manage a myriad of different legal issues that may be encountered; general areas include homeland defense legal issues (especially air defense), defense support to civilian law enforcement authorities, the Posse Comitatus Act, the status of ANG personnel, and response to natural disasters.

**Prerequisites**—None

**Target Audience**— Individuals dealing with homeland security and defense matters in their current or future billet.

Convene Date	Graduate Date	QSF Due Date
30-Aug-2021	3-Sep-2021	21-Jun-2021

# Operations Law Course

Nellis Air Force Base, NV

**Course Description**—The Operations Law Course provides judge advocates and paralegals with an introduction to the fundamentals of operations and international law. The course trains students to identify and analyze legal and political implications of military operations. The course also teaches students to apply legal principles to operational problems and prepares students to function in support of military operations CONUS and OCONUS. Some of the topics covered during lecture and seminar instruction include: sources of international law; legal bases for the use of force; the law of armed conflict; rules of engagement; command and control; the organization and primary roles of an air operation center; air, space and cyberspace law; international agreements; foreign criminal jurisdiction; deployed fiscal law; contingency contracting; domestic operations; and Air Force legal readiness.

**Prerequisites**—None

**Target Audience**— Judge advocates and paralegals who require an introduction to the fundamentals of operations and international law.

Convene Date	Graduate Date	QSF Due Date
8-Mar-2021	12-Mar-2021	28-Dec-2020
